

American Registry of Radiologic Technologist Credentials UCC Graduates Passing Rate for 1st. time takers 5 year average within 6 months of graduation: 2009-2013

This graph shows the passing rate for our graduates on the ARRT Credential Examination for 2009-2013. Graph's bars shows number of students who took the test for the first time and how many passed it each year. Lines show the passing rate tendencies during the five years (in percent) of UCC graduates first time takers. The straight line shows the 5 year average of UCC's first time takers passing rate. Only those students taking the test within the first months of graduation are tabulated. ARRT is not required in Puerto Rico to practice.
