The office provides research support personnel in the areas of pre- and post-grant award administration. Priorities for the office include fostering research activities, aiding in the recruitment and retention of faculty, and increasing research activity.

Mission
To develop an administrative structure that promotes and facilitates organized scientific investigation and graduate studies.

Goals
* Foster an environment that promotes research
* Increase funded research
* Increase and enhance the visibility and awareness of UCC in the community

Objectives
* Increase the number of faculty involved in research
* Increase the size of the research support endowments
* Increase peer-review publications
* Increase the amount of extramural funds received by UCC
* Increase the amount of research space at UCC
* Increase the amount of research collaborations

SERVICES
* Funding Opportunities Notification
* Grant Submission Support
* Grant Management Support
* Material Transfer Agreements
* Memorandum of Understanding

* Professional Development Workshops
* Research Faculty Fellowship Program
* Scientific Seminars
* Travel Support to Scientific Meetings
* Visiting Scientist Program

* Software support: PRIMS, Adobe Acrobat, Photoshop
* Publication Expenses Support
* Research Website
* Student Stipends and Tuition Exemption
* Students Support
