

UNIVERSIDAD CENTRAL DEL CARIBE

Office of the President

September 18, 2017

All members of UCC academic community
Universidad Central del Caribe

Dear collaborators:

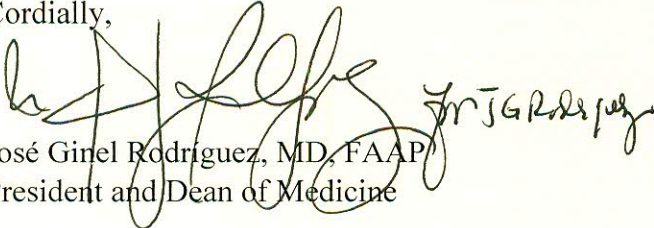

As you are all aware, the Universidad Central del Caribe has initiated the preparation process for the institutional self-study with the ultimate goal of assuring compliance with the Middle States Commission on Higher Education (MSCHE). Our academic community firmly believes that this process ensures institutional accountability, self-appraisal, continuous self-improvement and innovation.

Confident that we are a fine institution in which everyone plays a key role in the fulfillment of our mission, we embrace the self-study process encouraging all constituents to participate with a candid and honest approach. We definitely believe that together we can make a better institution.

Several activities, culminating with the peer site visit in the spring of 2019, will be conducted to request your feedback and collaboration with the various working groups. I am counting on your good faith participation aiming to contribute to UCC's becoming a better institution.

Do not hesitate to reach Dr. Nereida D. Díaz Rodríguez if you have questions or ideas that can assist our academic community as we prepare and engage in the self-study process for the MSCHE. The visit of Dr. Tito Guerrero, our MSCHE Vice President, is scheduled to take place on Tuesday September 26, 2017. We expect you all to welcome doctor Guerrero with the hospitality that characterizes our community. You are invited to attend a session that is scheduled from 10:15am-11:15am on September 26, 2017 at the Computers Labs to listen from doctor Guerrero the MSCHE expectations from all of us in the accreditation process.

Cordially,

José Ginel Rodríguez, MD, FAAP
President and Dean of Medicine
