Decanos, Directores y Coordinadores de Programas,
Directores de Departamentos
Universidad Central del Caribe

P/C Nereida Díaz Rodríguez, PhD
Decana de Asuntos Académicos

Estimados compañeros:

Queremos, primero, felicitarles por el buen inicio del año académico; asumiendo nuevos retos por otro año consecutivo. Estamos más que seguros que seguiremos airoso durante nuestras actividades hasta lograr finalizar este año de manera exitosa.

A través de ustedes deseamos hacer extensivo nuestro más sincero agradecimiento a la facultad; ya que, gracias a la colaboración suya y la participación constante de la facultad; quienes han contribuido a nuestro desarrollo con ideas, sugerencias, aportes y críticas constructivas a base de las necesidades reales y contextualizadas desde la sala de clase. Además, les agradecemos por el tiempo dedicado, compromiso con la universidad, por la pasión y vocación de servicio que implica la educación.

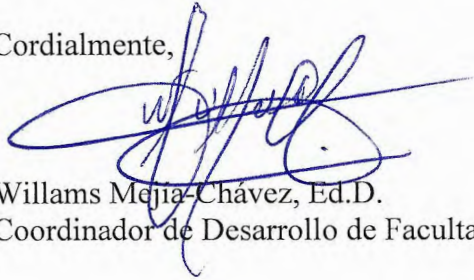

Como oficina, respondemos a un plan de desarrollo anual que se basa en las necesidades enfocadas en las áreas de la pedagogía, la tecnología e investigación educativa y servicios; a la vez, están enmarcadas en el plan estratégico y direccionadas o alineadas a cumplir con la misión y visión de nuestra universidad. Por consiguiente, en cumplimiento del rol como coordinador y en afán de darle prioridad al desarrollo profesional de toda la plana docente de la universidad nos compete calendarizar una serie de actividades a llevarse a cabo durante el año académico 2021-2022.

Es con gran entusiasmo que hacemos disponible nuestro ***“Faculty Professional Development Activities for Academic Year 2021-2022”*** para nuestra facultad. Muy gentil y humildemente solicitamos su ayuda para diseminar este documento entre todos los miembros de nuestro cuerpo docente y reiteramos nuestra gratitud e invitación a disfrutar de cada actividad con mucho éxito.

Decanos, Directores y Coordinadores de Programas,
Directores de Departamentos
Página 2
22 de octubre de 2021

Hacemos extensivo nuestros parabienes, desde el Decanato de Asuntos Académicos, deseándoles mucho éxito en vuestra gestión y quehaceres laborales. Será un placer recibirles en cada una de nuestras actividades de desarrollo de facultad.

Cordialmente,

A handwritten signature in blue ink, appearing to read 'W. Mejia-Chavez', is written over a light blue rectangular background.

FACULTY DEVELOPMENT OFFICE
UCC FACULTY PROFESSIONAL DEVELOPMENT ACTIVITIES FOR
ACADEMIC YEAR 2021-2022

INTRODUCTION

The Faculty Development Office, sponsored by the Office of the Dean of Academic Affairs, has the objective of fulfilling the professional development needs of the Universidad Central del Caribe faculty, taking in consideration the three main focus areas: pedagogical processes and evaluation; research and areas of specialization; and technology and computer literacy. Therefore, it is the office's intention to contribute to the achievement of the following objectives:

- a. Improve the quality of services provided by the Faculty Development Office to the learning community at the UCC.
- b. Promote the sense of reaching and keeping excellence and nurture the sense of empowerment among the university's learning communities for the benefit of all stakeholders.
- c. Strengthen the institutional and faculty commitment to quality education and service by ensuring that all staff is updated in their fields through rigorous, relevant, and innovative initiatives to promote growth and improvement.
- d. Support faculty members in their efforts to preserve competence in their teaching fields by keeping abreast of developments in their own discipline and in disciplines related to their own.
- e. Support research projects that contribute to the faculty member's professional development and/or provide learning opportunities for students, consistent with the mission of the university as an educational institution.
- f. Keep faculty up-to-date on new educational and medical trends and foster active discussion of developments in the scholarship of teaching and learning.
- g. Provide guidance to individual faculty members to enhance their teaching and learning effectiveness.

This document is shared with the faculty with the intention of assisting them in articulating and scheduling an individualized plan of professional development activities for the academic year 2021-2022. The activities included in this plan respond to the needs identified by the faculty through the colloquiums, assessment forms, self-study processes, and the faculty annual survey results.

For more details you may contact Dr. Willams Mejia, who is the Faculty Development Coordinator.

ACTIVITIES

- The professional development activities included in this plan are based using as a reference the following institutional documents: Institutional Development Strategic Plan 2016-2021, Faculty Development Plan, 2020 & 2021 Annual Faculty Survey.
- The faculty development activities were organized in several tracks of interest to the academic community including: leadership (T1); teaching, learning, assessment and evaluation (T2); communication (T3); technology to improve academia (T4); and the Academy for Health Professions Educators (T5). Some faculty development events target multiple content tracks.
- The activities are scheduled for the academic year (subject to change), they are varied and according to the needs of the teachers, based on their experience both in the face-to-face mode and synchronic, online and hybrid.
- The activities are eminently practical in nature and serve to develop general skills and social skills in the professional field.
- The selection of activities is varied, of general and specific interest, according to the profession, school, or program to attend specialized topics.
- Each activity is promoted with a reasonable time of 15-8 days prior to the activity; by means of a flyer; and in some cases, also with a registration form. For some events the agenda (if necessary) is sent, the link according to the platform is indicated in the flyer; plus, there will be some reminders.
- After the activity has been carried out, an evaluation form of the same is sent via email to collect assessment data, contributory to continuous improvement. This evaluation instrument is sent only to participants attending such event.
- Certificates of attendance will be granted to the participants of each activity. A faculty member may be granted a certification for each content area. In order to receive a certification of content by each track, the faculty member will be required to attend and participate in at least 90% of the planned activities of the track.

CONTENTS BY TRACKS

T1-Leadership

An academic approach to provide professors with the necessary skills to be successful as an educational leader within a higher education institution. This professional development track is intended for all faculty members.
