FEMA DR-4473 PR-PW 0094
PROJECT URB SANTA JUANITA SOIL STABILIZATION
ARCHITECTS & ENGINEERS**

RFP publication date: Monday, June 16, 2025

Site Visit Tuesday, June 24, 2025

Deadline for Request for Information by email: Monday, July 7, 2025

Response for Request for Information by email: Friday, July 11, 2025

The Universidad Central del Caribe, Inc. (UCC) is requesting proposals from qualified providers of Architectural and Engineering (A&E) services for the Santa Juanita Soil Stabilization Project, funded under FEMA's Hazard Mitigation Grant Program (HMGP), DR-4473-PR PW-0094. The following services are required:

- Land Surveying, Topography, Hydrologic & Hydraulic (H&H) Studies, Soil Testing
- Environmental Studies & EHP Compliance
- Stormwater System Design & Parking Lot Design
- Project Scheduling, Permitting & Benefit-Cost Analysis

All proposals must be submitted by email in PDF format no later than 4:30 PM on Friday, July 18, 2025, to: femaprojects@uccaribe.edu. Interested parties may access the RFP package through the following link: <https://www.uccaribe.edu/femaprojects>, under "Request for Proposal No.005/HMGP-4473-0094".

The project will take place at Avenida Laurel, Santa Juanita, Bayamón, PR 00956 and is fully funded with FEMA federal assistance.

This project is subject to all applicable federal and local regulations, including; but not limited to the Davis-Bacon Act, 2 CFR Part 200, and any relevant Puerto Rico labor and procurement laws.

The Universidad Central del Caribe, Inc. is committed to ensuring a workplace free from discrimination for its employees and job applicants in all categories protected by applicable local and federal labor laws. The UCC reserves the right to reject any or all proposals and to award the contract in the manner deemed most advantageous to the institution's interests.
